

Britec Oil Spotting

Britec a oil Spotting Is safe, effective spotter for tannin stains such as coffee, tea, beer, soft drinks, liquor, fruit juices, grass stains and mustard.

An outstanding prespotter, reentrant, and wetting agent. It is mixed with 4 parts water for application by spray or brush or may be used full strength on heavy soil.

Britec Oil Spotting was developed with space age technology by cross linking incompatible chemicals and bonding these with unique wetting and emulsifying agents. Britec oil spotting will effectively treat and remove almost all common spills and stains. It will provide professional results against most food and beverage spills, iodine, grease, tar, pet stains, smoke, also makes a great laundry booster.
